

Andrew Bartzis interviewed by Lance White, June 23 2013, part 11 of 20

LW: [00:38] Welcome back. This is part eleven of our galactic history. I'm Lance White, with Andrew Bartzis. And one of the things that came up for me during the break was the numerous wars. Are those being planned out as part of the final chess moves, or is some of that unexpected? The wars that are going on right now around the world? What's the game plan with that?

AB: [1:09] There are unexpected things (that) happen. An example, the fruit vendor in Tunisia. He was an unexpected wave of rebellion. Totally against the entire system that was looking at our data and predicting us to this, this, this, this, or this. The guy in Tunisia, he was a fruit vendor who said he had to pay taxes or have some kind of license, and he set himself on fire in the square, which set off a whirlwind of stuff in Tunisia, Egypt, Afghanistan... all over the Middle East and up into Syria. But that one fruit vendor- what was being protested was actually food issues. The price of food had tripled. The price of olive oil had gone through the roof and that's the staple of the staple for them. The same thing in Egypt. Egypt was about the price of food. Okay? That's how out-of-touch they were. they had raised the price of food so much people could no longer eat that were in middle income jobs.

LW: [2:12] Which is happening here in America.

AB: [2:13] Yes.

LW: [2:14] In fact, it's happening very rapidly.

AB: [2:16] Mm-hm. They're trying to take our water away from us and make us pay for it, too.

LW: [2:18] Right, they've already taken the air...

AB: [2:22] Mm-hm. As for the wars... We see Tunisia. Tunisia fell. As Tunisia was raising (rebellion), the main controller forces looked at this and said this is gonna suck for us, but we have to do something quick, so they divested all of their assets out of Iraq and Afghanistan and put them in Tunisia so that they could co-opt any rebellion move that was going to go, because they knew it was gonna spread. It goes to Egypt in the beginning, and then you have the green movement in Iran. Egypt was still a little blip on the radar in Tahir square they had only been there like 6 or 7 days, and then you have what's going on in the green revolution. The green revolution would be the two months before Christmas. The green revolution they're in the run up to the election, millions are out, they pull out the guns, they start killing people in the street, it's live on tv, so that tells you that the government is going to suppress rebellion. That's the

media outlook. This was actually shown here, for a reason. Think of how many of the wars aren't shown to us. The war in Turkey and Syria is going on now, do they show any of that at all?

LW: [3:32] No.

AB: [3:32] No. But they showed the green revolution and people getting killed in the streets for a reason.

LW: [3:37] Was that to turn us against Iran?

AB: [3:39] That was fear.

LW: [3:40] Ah, well of course.

AB: [3:41] To create fear. They had already divested all their forces out of Iraq, they realized they already lost, and all the tribes wanted prosecutions for their war criminals, on the American side. Plus all the corruption and the fact that 4.5 trillion dollars is missing from the reconstruction.

LW: [3:58] What else is new on that.

AB: [3:59] Okay? The bribery went to the highest levels there. So, Iraq was divested because they got all the technology they wanted, out from under the ground. There's all sorts of technology that they need. Afghanistan's a little different. There are actually vessels embedded in the mountains, they're out of phase, that have been there for millions of years, and they're extremely valuable vessels on the black market. Very valuable. Or, the technology in them is so intense, that it can increase the power of one faction... a lot!

LW: [4:33] Wow. And so do they know where these...

AB: [4:36] You have to go search for them literally. It's quite on a low scale level, you have to have actual psychic people in the spot, to understand how to pull the vessel out, because the vessel has a limited consciousness in it.

LW: [4:48] Huh. Interesting, and there must be numerous places in Egypt and devices that are.

AB: [4:54] All throughout the whole world.

LW: [4:56] Well, right, yes.

AB: [4:57] All throughout the whole world.

LW: [4:58] Right... so the dark hasn't discovered all these items?

AB: [5:02] ...nor has the light.

LW: [5:03] Nor has the light!

AB: [5:05] But people purposely left those there so the future people would find them.

LW: [5:09] Right, like the dead sea scrolls, for instance?

AB: [5:11] Correct.

LW: [5:12] Okay, and what was Area 51 about?

AB: [5:16] Area 51 is where the time travel missions needed an anchor location, so that they can go and get missions any time they were in the time stream. So let's say you got put back 30 years, if you needed an update and didn't want to communicate to anything but something that has connection to the timeline you came from, you'd go to Area 51, with a special passcode which would take you to time travel division.

LW: [5:40] Wow... what else exists there?

AB: [5:43] Everything we talked about.

LW: [5:45] Right, because all these technology...

AB: [5:46] All this is there, but at the same time, a lot of their technologies would have been removed, they figured out a way to get past their suppression fields, and just teleport all their technology they wanted, out.

LW: [5:56] ...to where?

AB: [5:58] The good guys took it out. They put it in someplace safe.

LW: [5:59] Oh, I got it. So in other words, the toys of the big boys are being...

AB: [6:05] ...taken away.

LW: [6:05] ...taken away.

AB: [6:06] Israel has been hurt pretty bad that way. Much of their multi-dimensional technology has been completely incapacitated.

LW: [6:14] Ohh.

AB: [6:15] They still have tricks up their sleeve, but the stuff they expected to have until the end isn't there.

LW: [6:20] Ohh.

AB: [6:22] Think of, both knights and all your pawns are gone.

LW: [6:25] Okay.

AB: [6:26] That's where Israel is right now.

LW: [6:29] Wow, it does feel like their on their last legs.

AB: [6:33] (shrugs)... You never know...

LW: [6:34] But... Right, they all reinvent themselves.

AB: [6:35] They'll reinvent themselves.

LW: [6:37] Come back somehow, or they have an ace in the sleeve.

AB: [6:40] Exactly. Or a gun in their sleeve.

LW: [6:44] Too many of those.

AB: [6:45] Exactly... So, the Sirian war.

LW: [6:48] Yeah, what about that?

AB: [6:49] All the wars that exist right now, on our planet, are meant to suppress the chakra

energy that's below it.

LW: [6:55] Oh.

AB: [6:56] There are a cluster of womb chakras, all throughout the Middle East... called "The Garden of Eden" at one point in the Bible... what it meant is there could be thousands of local realities within that zone, that were all birthing new life, that could be transported to a new blank akashic record planet. It was life that was meant to be rapidly created and sent somewhere else. What's happening there now is war, so every time someone dies, they're instantly recycled back into the system of war. So, you could die once and all of a sudden be forced to be a walk-in on somebody else's dying.

LW: [7:29] Whew! That could get pretty tiring!

AB: [7:31] And that is what's suppressing the energy of the chakras from waking up. These will be the first sets of chakras that wake up and begin to change the people in that area, and that's why there's war there, and that's why the rebellions started with a fruit vendor, because that was the first opening of the collection of those chakras.

LW: [7:50] So, once that energy starts to circulate, it seems like there's almost nothing that could stop it?

AB: [7:57] Correct.

LW: [7:57] Once a wildcard...

AB: [7:59] ...is played.

LW: [7:59] -outside of the predictive models comes in.

AB: [8:04] All the old models don't mean the same value (any more).

LW: [8:07] Right... and they can't keep up with them fast enough, no matter how much technology they have.

AB: [8:11] Correct.

LW: [8:12] -to predict what's going to come next.

AB: [8:14] Exactly.

LW: [8:15] And so, that kind of would level the playing field, to some extent?

AB: [8:19] It would put the neutrality people back in a place where they can create secrets that the light and the dark don't know about, which can make the game play faster.

LW: [8:27] Okay, all-right.

AB: [8:29] ...and once the game plays faster, you have to show more of your moves.

LW: [8:33] Right, so the neutrality people are the ones that really-

AB: [8:39] -step on the gas pedal.

LW: [8:41] Right, and those are...?

AB: [8:44] The walk-ins.

LW: [8:45] The walk-ins, okay.

AB: [8:46] They were brought in by Prime Creator, his choice, because he scanned everyone that's on this planet, and understands what other service-to-universe entities are ready to step in and take the hardest job ever, which is to take over the contracts of people at the controller levels, to end the system of domination-and-control that's been going on in the 52 million year time war history.

LW: [9:08] Wow... and a 38,000-year suppressed ascension cycle. So, uh... I just lost my train of thought... uh, we were talking about the walk-ins.

AB: [9:22] The walk-ins.

LW: [9:23] So, that completely changes the whole game.

AB: [9:28] Correct.

LW: [9:29] The walk-ins are the council of twelve?

AB: [9:31] Correct, and the management system, middle management, the spiritual court

system-

LW: [9:37] -which is run by the archons?

AB: [9:38] Run by the archons.

LW: [9:39] And the archons also manage what else?

AB: [9:42] The control rooms.

LW: [9:43] Ah.

AB: [9:43] They have their puppetry energy over the control room people.

LW: [9:47] Okay, so they don't have to manage the control rooms directly, they manage the people in them.

AB: [9:52] Correct.

LW: [9:53] And then the people in the control rooms manage the...?

AB: [9:55] -people below them.

LW: [9:56] ...which...?

AB: [9:57] -are the bankers.

LW: [9:58] Ah, okay, and then the next layer down below them?

AB: [10:00] The bankers control the governments.

LW: [10:02] Right, okay, and then?

AB: [10:04] The governments run the strings of the thugs.

LW: [10:06] Right, and then the mafia runs interference for...?

AB & LW (together): [10:10] All of them.

LW: [10:11] Yeah... and the royals kind of...?

AB: [10:14] ...hold the contracts to the system (that) exists, because there has to be contract holders for the system.

LW: [10:19] Okay, right.

AB: [10:20] They're the ones that hold the "paper". (both laugh)

LW: [10:22] Right they "own" the world.

AB: [10:25] Exactly.

LW: [10:26] And then the vatican?

AB: [10:28] ...holds the paper over the soul contracts... over people who are in a baptized situation.

LW: [10:33] Ah... now the purpose of baptism is to keep the soul.

AB: [10:35] put you in that contract of tacit consent forever.

LW: [10:39] So, getting baptized is not necessarily a good thing (Andrew shakes head "no" in agreement) that's where they seal the spirit from.

AB: [10:45] Yes, but at the same time, there are people that are healed from baptism, and this is again a gift of religion, there are good people in religion, religion is hijacked and there are bad people in religion thus the pedophilia organizations, but for religion to be what it is, there has to be good in it. Otherwise, nobody would ever have bought it.

LW: [11:06] But to what extent...?

AB: [11:08] The highest levels of government which are separate of religion.

LW: [11:14] Okay.

AB: [11:15] So the governing body of the church, which is the vatican, which is a country that has people that have citizenships all over the world so you see the duality of the vatican. It's a country that holds the spiritual contracts of a religious organization that's global, and forcibly

spreading, and passively spreading... versus other religions, that are forcibly and passively spreading also.

LW: [11:43] Okay, like the Mormons...

AB: [11:43] The Mormons, the Buddhists... all of them.

LW: [11:47] Right, any of them. All of them...

AB: [11:50] -promoted.

LW: [11:50] Any religion is... promoted, yes so there's no one better than another. And that brings us to the sacred texts, that you said were all basically holographic documents.

AB: [12:01] Yup. Co-opted after or before they were written.

LW: [12:06] Right, it would have to be.

AB: [12:07] Because it's about passing the generations and allowing the generation to reinterpret based off of the predictive models they have, and if something goes wrong, they can fix it the next generation and print it the way they want it.

LW: [12:17] Right, just put it the 11th printing or whatever, or they just erase it.

AB: [12:21] Erase it.

LW: [12:22] Erase it, and then you don't even know that what you're holding is a different version, because the old one doesn't exist anymore.

AB: [12:28] Exactly.

LW: [12:29] Okay. Now, what about a physical... there's a lot of controversy about Jesus and his life, and what he did and who he was and so on and so forth. Now as I understand it, everything that manifests at the metaphoric level has to also, as above, also has to exist as below. There has to be a physical manifestation of ... twelve disciples or twelve people, whether they're literal or not, and there has to be somebody that incarnates as a being, that represents many people that felt that they are that particular being, and that has to do with the god program?

AB: [13:06] God programming, or you at one point were a sovereign piece of that entity that

chose to become part of Earth consciousness instead of taking on a body or going to the astral world. It went total service-to-Earth. And it's allowing its name and imagery of that other lifetime to go through time, and then there'll be future people that will look at that energy and recognize that "at one point I was 25 degrees of separation, that person."

LW: [13:42] Okay.

AB: [13:43] Okay? But you're not really that person. It's like saying my great grandfather times 52 that I lived one lifetime next to, is me... but they're not.

LW: [13:55] Right.

AB: [13:56] Their energy is so powerful that it goes through the bloodlines.

LW: [14:00] Right, and now what can we find out about the actual person that lived? ...

AB: [14:09] He was a real person. I mean, (there's) the trivial stuff in the bible, and then there's the more expansive stuff in the bible. He wasn't on the cross.

LW: [14:20] Okay, right! I've always thought that.

AB: [14:21] He wasn't on the cross. Um, trying to be a little delicate because I know some of the audience out there is really connected to some of these concepts. Um... he wasn't tortured...

LW: [14:32] Right.

AB: [14:33] Okay? He was betrayed, but not in the way that the bible stated. His betrayal was by other light beings, actually.

LW: [14:42] Really?

AB: [14:42] Other light beings who didn't want to see the bastardization of the teachings, so they said "you gotta go".

LW: [14:50] Huh.

AB: [14:51] "You gotta go. You're screwing up our system of light" ...while the dark was still trying to win.

LW: [14:58] So, they said Jesus had to go?

AB: [15:01] They made sure that it was... not the right time for him to stay.

LW: [15:06] Oh, interesting.

AB: [15:08] The light forces are not unified.

LW: [15:11] Oh, right, that's pretty clear.

AB: [15:12] Make that clear, they are not unified.

LW: [15:15] You can see that in the new age movement, and of course that's all been coopted in the lightworker fragmentation.

AB: [15:19] Correct. Jesus was a real being, traveled the world, and also traveled the stars.

LW: [15:24] Okay, some say he went to Egypt for a lot of his esoteric training?

AB: [15:28] (nods yes) ...and the Himalayas, and Japan, and Australia, and Native America, Mesoamerica, South America, Asia, all over.

LW: [15:37] So he was able to travel anywhere.

AB: [15:39] He used the Hollow Earth Agarthan tube networks.

LW: [15:41] Interesting! Did he, in his journeys...

AB: [15:45] There were many mystics in... throughout the middle East, that knew how to use the tunnels.

LW: [15:50] Okay.

AB: [15:51] Okay? As well as those in the vatican, because there's vatican-based tunnels also.

LW: [15:54] Oh, right, and then there are mag-lev trains underneath...

AB: [15:57] These are consciousness trains.

LW: [15:59] Oh, okay.

AB: [16:00] There are mag-lev trains too, but these are actually tunnels that once you start traveling, you go into no-time and if you go from one continent to another you can take a day instead of months.

LW: [16:09] Okay, good. Um, so...

AB: [16:15] He was also big in Ireland, too. Jesus did a lot of work in Ireland, too.

LW: [16:18] I've heard that Ireland is the center, the source of much of ...what has come out spiritually, that has been repressed.

AB: [16:28] Yes, because there was a massive DNA... how do I put this... bank, that was there. Crystals that held the wisdom of all the DNA separate of the wisdom of the domination-and-control matrix. The Free Earth system had powerful connections in the base soul families, so people were able to transmit the soul codes that I've been talking about, to these basically off-the-record recordings, so that someone would have access to it in the future. Jesus was able to help "organize" that.

LW: [17:05] Wow.

AB: [17:05] Because there were individual families that had individual parts, and he came there as this teacher, he began healing people in unity, and as people became in unity, they all brought their crystal to the table. And that's ultimately why the vatican was very harmful to the Irish people. Because it was looking for those people that held those objects, so that they could erase them or bring them back into the vatican.

LW: [17:27] And they did accomplish that?

AB: [17:29] Correct.

LW: [17:30] Uh, Veronica Keen talks a lot about that, did you...?

AB: [17:33] I've interviewed Veronica, yes.

LW: [17:34] Isn't she a wonderful person?

AB: [17:35] Wonderful woman.

LW: [17:36] And I love her channelling of Montague.

AB: [17:38] Yes.

LW: [17:39] And another person... I just adore her, Montague's words to Veronica, and uh, she's doing quite a bit of wonderful work on this planet.

AB: [17:47] Yes, she's doing good work.

LW: [17:49] And Michael Tsarion is another one that's come out with the Irish origins of...

AB: [17:53] Yes.

LW: [17:54] Yeah... and that's another wonderful source of information. Of course, this is much easier, to just tap into the akashic records. Okay, so getting back to Jesus... was he one of the highest light beings...?

AB: [18:13] No.

LW: [18:13] Not necessarily, there are other.

AB: [18:15] He's the one that got spun.

LW: [18:17] Ah.

AB: [18:19] Think of political spin factor. He was an ace, he was... we'll just call it a royal flush that was played, and then somebody else played a royal flush on the spin game, afterwards.

LW: [18:32] Oh, that's what it feels like.

AB: [18:33] Because he got coopted. He was there, he was real, he changed people locally for two generations... fourteen generations later, it doesn't matter what he said or what he did.

LW: [18:43] Right, it's all...

AB: [18:45] It's all 400 years later.

LW: [18:46] Yeah. And that's an example of time manipulation.

AB: [18:50] Correct.

LW: [18:50] And also, changing texts.

AB: [18:53] (nods)... changing translations...

LW: [18:56] Right, for the next generations... which is one of the tricks that, one of many...

AB: [19:01] Many.

LW: [19:01] ...that's being played on us, okay,

AB: [19:04] ...changing our history as they see fit...

LW: [19:06] Right, exactly.

AB: [19:08] And us never knowing it was changed, because they took all our oral traditions.

LW: [19:11] Right, and we have no clue really, about the star families that we come from, because that is so suppressed. That information is really, that's been uh, marginalized.

AB: [19:28] Correct.

LW: [19:30] So, did Jesus ever have a relationship?

AB: [19:33] Yes, and children.

LW: [19:35] -and children?

AB: [19:35] Yes.

LW: [19:36] What happened to the children?

AB: [19:37] Broken into 32 family lineages, spread among the kings and queens of Europe, that's why they're contract holders for the system of domination-and-control, and that's why his bloodline was so important to dominate.

LW: [19:50] Ohhh...

AB: [19:51] ...because if any others did manifest within his bloodline, they wanted to make sure that the soul family that was in there was controlled.

LW: [19:57] Right.

AB: [19:58] Thus, that's why you have a queen, now, who's the soul contract holder for the monetary value system of exchange. That's what the Queen of England does. She holds all those soul contracts. Therefore, she has to be a powerful and old soul, and has to go through a remembering process.

LW: [20:14] So, what's gonna happen with the royal families as the shift increases?

AB: [20:19] Well, when you start taking away the spin, people are going to be real angry at them. But at the same time, many of them had no choice. They were just born into a life holding contracts that they have... no way of understanding.

LW: [20:32] Did they have a choice of being born into these...

AB: [20:34] Maybe a thousand lifetimes ago.

LW: [20:36] Oh, right... and like the rest of us, they too have had to keep replaying their roles, over and over, and so some of those are probably pretty weary.

AB: [20:46] Yes.

LW: [20:46] ...even though they have all the keys and, to the toys and everything else.

AB: [20:50] Right.

LW: [20:50] And they're tired of it.

AB: [20:51] They know they can never defeat the controllers. They've lost hope inside themselves. Therefore (they) just play the game.

LW: [20:58] Oh right, interesting. So, all of Jesus' lineage has been coopted into the bloodlines.

AB: [21:09] No there's a couple bloodlines that are still in secret.

LW: [21:12] Okay, and the esoteric groups, the various secret groups that are holding... the Rosicrucians and the Masonics and so on and so forth, and all the secret... skull and bones and the rest of it, are also holding the technology at the higher levels?

AB: [21:33] And spirit contracts.

LW: [21:34] And the spirit contracts.

AB: [21:36] They have to actually have beings that hold the contracts, physical on Earth, for the system to exist. Think of the system, itself, as holding contracts to millions of controllers.

LW: [21:49] Wow.

AB: [21:49] And, for the system to exist there actually has to be a physical being, in the matrix, holding all the contracts, in unity with all the other contract holders, for the system to actually exist on top of our incarnation grid, why it's hijacked.

LW: [22:03] Whew! So that's a lot of layers.

AB: [22:05] Yes.

LW: [22:06] And so once that's all removed, basically once the matrix is no longer functioning as the matrix, and the contracts are null and void, then we are free and sovereign, and the incarnational process returns to an organic process through Gaia-Sophia.

AB: [22:25] Correct.

LW: [22:26] And there's a system of courts.

AB: [22:29] Spiritual courts of equity, (that) have all your ancestors present, and the proper family lineage members as the judges, with Earth overseeing the judges through unity consciousness.

LW: [22:39] Okay, that seems like a good plan to me. I'm all for it.

AB: [22:43] That's right, me too.

LW: [22:45] So, what do people do to hop on the bandwagon to accelerate this process?

AB: [22:51] Reclaim your sovereign free will. So much about it, nurturing yourself. I call that the hard work, nurturing yourself.

LW: [22:58] Yeah.

AB: [22:58] Nurturing yourself so that you can heal others, or heal yourself, or find yourself in an opportunity to expand and explore your own consciousness. You know, I'm the only galactic historian out there. We need more! I'm talking to you guys out there! We need you to say "yes."

LW: [23:13] Are you going to be able to...

AB: [23:16] ...teach others?

LW: [23:17] Yes.

AB: [23:17] At some point, that will be made available. The other two that still have their choice haven't been given their opportunity yet... but there are others that... see what I've done, and are going to make their own version of it. It'll come out and affect people within their soul family. They may not have the complete soul codes that I do, but I will complete enough for them that their understanding is, there's many new soul families in this system right now, and then there's a graduating class that's gonna come in with a totally different set of soul codes, so they're working with the soul codes that are in the class that's about to come in. Those are the people that would be, y'know 3 or 4 degrees of separation away from me, where I have a complete soul code to what's living here now... but I don't have the complete soul code to what's about to migrate in.

LW: [24:12] Ah.

AB: [24:13] So, the two of us will cross over, information-wise and soul-code-wise, and then they'll be able to work in the astral world to complete the soul codes of everyone coming in.

LW: [24:23] Oh... and then those who graduate, that's a kind of celebration.

AB: [24:30] Yup. (I) call it the kegger party.

LW: [24:31] The kegger party, (both laugh) thank God, we can drink again. You know, um and then, that's when we're also able to... work with some of the spiritual technology that-

AB: [24:42] Correct.

LW: [24:43] -has been available, and that the galactics and...

AB: [24:46] Clothing will be big.

LW: [24:48] Clothing?

AB: [24:49] Specialized clothing, that amplifies your psychic energies.

LW: [24:51] Oh! Right, that's a great idea, I like that one, that's good. What else?

AB: [24:58] Um... you'll have integrated artificial intelligence access, so you can figure out how to make personal mental programs for yourself.

LW: [25:05] Oh.

AB: [25:06] ...to get things accomplished.

LW: [25:07] Okay.

AB: [25:08] Um... there won't be a monetary system, everything will be overseen by the Earth's consciousness, so there will be no scam artists, no telemarketers...

LW: [25:16] ...and no secrets.

AB: [25:17] No secrets.

LW: [25:18] So there won't be anybody pulling anything on anybody, and that will be a permanent state.

AB: [25:24] Correct, and then people will get to heal in that energy, and be able to make/extend circles of trust with other people that they never could have before, because there was always the fear of the scam or the lie... which was always in their subconscious.

LW: [25:36] Right.

AB: [25:37] Because the system was so corrupt.

LW: [25:38] And all the fear programming...

AB: [25:41] ...goes away.

LW: [25:42] ...goes away.

AB: [25:42] And that takes time to heal. I've said this many times before- we're gonna need a billion healers here.

LW: [25:47] So, those healers are... us?

AB: [25:50] Us.

LW: [25:50] And we have to step up to the plate, and learn first how to heal ourselves.

AB: [25:54] Yup.

LW: [25:54] ...because you can't heal somebody else until you heal yourself.

AB: [25:57] ...and if somebody else doesn't wanna be healed, you can't make them.

LW: [26:00] -and you can't make them, right, you're going against their (free will)... okay. But in the new energy, it seems like there will be a... large group of people that will seek healing.

AB: [26:13] Correct.

LW: [26:13] ...just as there are hungry people...

AB: [26:14] Many of them will get it just through pilgrimages like here to Mt. Shasta.

LW: [26:19] Okay.

AB: [26:20] The places of power will begin doing their jobs once again, at the highest levels.

LW: [26:25] So all of the sacred spots will be... loosened up, so to speak?

AB: [26:30] -heavily charged with energy... waiting for us to come there to be the bees that pollenate the energy and take it away.

LW: [26:38] Wow... and so, all of these pilgrimages to various places... there will be your local

area, will be restored.

AB: [26:46] Right.

LW: [26:47] ...and will there be new grids and ley lines created by the...?

AB: [26:51] The existing grids and ley lines will (be) allowed to go back to their natural positions.

LW: [26:55] Oh, okay.

AB: [26:56] ...and there will be people that will be working for many years, erasing the old fake grid.

LW: [27:00] Okay, and the false sacred geometry, and the false light codes.

AB: [27:04] Yes, that'll actually be a job of many of the people that wanna go in service to Earth.

LW: [27:08] Okay, so-

AB: [27:09] ...disconnecting the sacred geometry city system..

LW: [27:12] That's a huge task! Because it's been built up for thousands of years.

AB: [27:16] Hundreds of thousands.

LW: [27:16] Hundreds of thousands! Right... All the cities' names, the city streets, everything has been, y'know, pretty much...

AB: [27:25] Pretty much on the multi-dimensional design.

LW: [27:27] Yeah. Okay, well um, do you want to share anything else about the... before we take...

AB: [27:35] Um... finish touching on the Syria conflict.

LW: [27:39] Okay.

AB: [27:39] As I was saying, they took all their... mind-control parts that- it's Al-Qaeda, because

Al-Qaeda is an American-created invention, that was created by time travelers who train people outside of time to suddenly become, cabal... “members of the flight”, who had to be real, and at the same time had to be fake.

LW: [27:59] Right.

AB: [28:00] So, they move everything out of Syria because they went to Egypt and Libya, and then when the Libya war came to an end, it was about a drug war there, and a gold war there, and then all the leftover zealot program agents went to Syria, because Syria’s revolution began also.

[28:17] At the same time, Iran began sending its mind control units into Hezbollah to lure Israel out for another fake war event. At the same time, Americans were pounding, “We’re going into Israel, We’re going to Iran”, there’s two (aircraft) carriers out there and 200 websites saying “the carrier was sunk!” No it wasn’t. Okay? There were many multi-dimensional action fronts on the oceans during the Iran-America... chest-bumping of 2011 and 2012, and part of 2013, where the chicken-hawks keep trying to beat the war drums. And they’re beating their war drums because they’re trying to get the machine to wake up and make more war. But the machine’s not gonna make more war- the recruiters can’t get people to go in. And the existing people are leaving, because they don’t wanna be in it anymore... abandoning it left and right.

[29:13] Then you have the companies, because our real unemployment’s about 35% here in the United States, they’re trying to call it 7%, it’s well into the 30’s, many of those military vets are screwed up, the only option to get is a job back as a private contractor through a military contractor corporation. And then you’re going off and doing worse things than when you were in the military, but you’re getting paid \$150,000 a year... instead of your \$32,000 or \$18,000 that you were in war.

LW: [29:45] Right. So there’s just an increasing degradation of the system that’s becoming more...

AB: [29:51] ...more cannibalistic.

LW: [29:53] Yes, and it’s just eating itself, like the snake eating the tail.

AB: [29:56] Yes, exactly.

LW: [29:57] Okay. Um, one of the questions I wanna ask you in the near future is about David Wilcock’s work on uncovering where the hidden reserves are, the movement of gold around the

world, and um, what's actually been happening with that? And that there are secret families and there's another person I can't think of his name right now but... and Gordon Duff from Veterans Today had said, in one of his shows, that an American and a Chinese aircraft carrier were shoot-(dropout).

AB: [30:28] 38,000 people were (re)moved.

LW: [30:30] Good. All right. Well when we come back maybe we can talk about the gold, and where it's been, and who's holding.

AB: [30:36] There's all sorts of things to deal with the gold, and I just wanna remind those people about the Italian bankers in Switzerland who found \$6 trillion worth of bearer bonds.

LW: [30:47] \$6,000,000,000,000?!

AB: [30:48] Yeah, that made the news.

LW: [30:49] Really?? I'm out of touch!

AB: [30:51] We'll show the clip as part of the video actually.

LW: [30:54] Wonderful.

AB: [30:55] Yeah, CNBC actually had to report that.

LW: [30:59] That's what seems to be happening, is that they're having to report certain things that are filtering from the underground.

AB: [31:06] The thing is, that actual report was a... the graduating timeline had to have that in it for some of their other plans to exist.

LW: [31:15] Ah!

AB: [31:16] That's why they gave it the one consciousness blurb and tried to retract it.

LW: [31:19] Okay, right, that makes sense.

AB: [31:21] They do that frequently.

LW: [31:22] Yes. Okay! Well, stay tuned for more, we'll be back with part twelve.
