

Andrew Bartzis interviewed by Lance White, June 23 2013, part 8 of 20

LW: [0:37] So today is Sunday the 23rd of June, 2013, and it is a super-full moon. We're here at Stewart Mineral Springs, at the foot of Mount Shasta, and we're still continuing with our journey about the galactic history. And my name is Lance White, and I'm talking to Andrew Bartzis.

AB: [1:02] How you doing, Lance.

LW: [1:02] The galactic historian, welcome ...back...

AB: [1:07] That's right, one day later

LW: [1:09] One day later... but it seems like an eternity could have passed.

AB: [1:12] But in that eternity, we've seen so many things happen, as I've been calling before for the 21st, that they were gonna go ahead and slime the internet with psychic parasites, and we witnessed it here.

LW: [1:22] Yes!

AB: [1:23] We witnessed it here, with our own eyes. Um, one particular person, it came in through her cell phone, and simply made her, we'll just say, very incapable of dealing with her own energies. And then it went from one person to another, to another, to another, until finally somebody was able to recognize what it was and kick it out.

LW: [1:45] Right, and the way that this worked was, when it came through the cell phone, she wasn't getting reception, so she "had to", the program was...

AB: [1:58] -to go to get reception, which means she had to walk away from the hotel, down the road..."The Road"... where she got a hitchhiker, it was waiting.

LW: [2:07] a hitchhiker... and that created some enormous problems, and some physical upheavals, and that entity actually shifted into other people, and they could feel it.

AB: [2:19] yep.

LW: [2:20] ...physically, as a crab-like thing, grabbing onto the stomach and then each person subsequently got sick, had to go through their own clearing processes, healing, moving it,

removing it,

AB: [2:33] And there were an army of healers here, waiting.

LW: [2:36] Yes! So, healing... being a healer is a very important aspect of what's coming up, and this points out the importance of understanding how the matrix works, and how the dark side is using demonic energies and attacking... whole hosts of situations that can come through the technology.

AB: [3:00] Mm-hm. Well, we were talking on an earlier episode. 65% of our population is ready to graduate. Now this is something we were talking about off-camera, and you wanted to know numbers. 65% of us are literally just waiting for the cap-and-gown ceremony. So, the rest of those 65%... those people are the ones that are one step away from graduation... so all this extra time they're getting now is to finish their graduation, be a part of the total graduating class, because once you're out, you're instantly replaced with another soul who's been waiting for a very long time. Okay?

LW: [3:39] Okay...

AB: [3:40] So, there will be this mass-migration out, the new souls will come in, but the people that are out, will have their avatars who will have left Earth and will have taken a home avatar somewhere else, but then they'll be able to be fully multi-dimensional, and can have hundred parts of themselves still on Earth, doing projects they wanted to do so they would say "I've never left", because they sent a sovereign part of themselves to do something, complete a mission, teach something to the new generation.

[4:08] And Atlantis and Lemuria both fell because technology that was passed from one generation to the next generation was abused, because there wasn't the same unity in generations... where we have to solve that problem now. We are the ones that must make sure our generation, and then the seven future generations, understand the technology and don't misuse it. And those seven generations are responsible for the seven generations after.

LW: [4:35] So our graduation is imminent.

AB: [4:40] It's as imminent as a moment of no-time.

LW: [4:43] Okay, and then it will seem as if we're still here.

AB: [4:50] You'll be in a dream, you're gonna wake up in a dream, going "I was just walking",

and from there you'll have to decide what you want to do in the dream- if you're in a fear state, well it will be a fear state, in a fear created in the dream.

LW: [5:05] Yeah, so you don't want to shift out of this vibration and move into fear.

AB: [5:11] Correct.

LW: [5:12] So its really important to be able to be fully present to all things that are occurring, without any fear, with fearlessness, so the drama, anything that creates drama is part of the fear process.

AB: [5:26] Right. And then there's the side that is the purgative value of being in no-time dream, to deal with ... what's making you in fear. So when they finish that concept, they'll realize the other part of the world that they're- the event part of the world, they were just on pause, and they will have to determine if that pause keeps them out of the time stream link, of being... how do I describe this... 24 time zones around the world, ten-plus calendars... they wont be linked to a calendar system, so to them six months could have traveled by or six seconds or no time whatsoever. It will be how much the dream-time event took them out of the constraints of our time definition. Because that's essentially what the event is breaking us of, is the social agreement on time.

LW: [6:23] Oh yes that's really important. It has to happen.

AB: [6:25] It has to- that's how it happens. Once your stream of this consciousness of Earth-based 3d matrix time is... y'know, when you used to cut triangles and exes inside papers and then open them up, that's what we're gonna do consciously.

LW: [6:43] Ohh... so essentially, we are... it is, in a sense, tracking the Mayan calendar, that we are moving into unity consciousness and a "golden age" ...but the difference being, in this time frame or in this time-scape, that in the past ages where there's been a lessening of the densities of the sine wave has stretched out, there has been no graduation so then its contracted and expanded but there haven't been any graduating classes, in...

AB: [7:17] 38,000 years.

LW: [7:18] 38,000 years! So, for instance, what's happened with Sirius since some of the other planets...

AB: [7:25] Their graduation is held up by ours.

LW: [7:28] So is this really the big plug?

AB: [7:31] It's the cork on the champagne bottle. Because everyone wins. Everyone gets their ascension codes, because... if you're here finishing the global ascension code, so all beings have the proper... all beings on the graduating timeline that have proven their graduation get the code to leave.

LW: [7:52] Okay, and that means that we have access to seven universes, and there are eleven others that we have not accessed... Yet.

AB: [8:03] Correct.

LW: [8:03] But we have access-

AB: [8:06] Those other universes have access to us... so we will go out to look for them.

LW: [8:13] Ahh... So this is like "The Explorer Race". I think it was David Shapiro wrote about that, wrote a whole series called "The Explorer Race", yes and they're wonderful books.

[SH: Robert Shapiro]

AB: [8:23] Yes, wonderful books.

LW: [8:24] Yeah, so that's what... our destiny, and the illusions will drop for us.

AB: [8:32] For us.

LW: [8:33] For the 65%, and then that's when you said that we will be able to develop, or become familiar with, the spiritual technology of being multi-dimensional and being anywhere,

AB: [8:48] Correct.

LW: [8:49] ...so that we can-

AB: [8:50] Many people will get something that just looks like a desk, an office chair, and a monitor, and a second room that's right next to it, it looks like a relaxation room. The desk and the monitor is for the 3d-matrix-you to learn to create 3rd eye visual, or hologram room, the recreation room is for you to learn how to do it without the technology.

LW: [9:13] Wow, so we will have... how will this technology be provided... is that by a higher...

AB: [9:17] The technology that is waiting to be given to us simply because we are gonna complete soul codes just by allowing us to physically meet. And that, through them, is huge.

LW: [9:27] And we'll be able to converse with each other.

AB: [9:29] Right... In my opinion, what I'll do, I mean... I will offer events for the galactic families to come to Mount Shasta.

LW: [9:38] Wonderful.

AB: [9:39] ...And offer humans to come at the same time and inter-meet them, in a ceremony.

LW: [9:44] Wow, I'm getting chills.

AB: [9:45] Where we all can get along.

LW: [9:47] Oh! I'm getting chills, and then of course you've got the beings of Telos and the rest that can...

AB: [9:50] All of them can too, come in,

LW: [9:52] And we can meet... A meeting of the minds.

AB: [9:53] Meet, for the first time... the soul family minds.

LW: [9:57] Yeah, wow! That is so wonderful... and then you said we'll have the opportunity, if we so choose, probably people have different choices available to them

AB: [10:08] Oh, yes.

LW: [10:09] But in our development of this technology, 25 years may pass for us, while those who don't graduate, who are not ready, are still in dream time develop working on the technology and we will have an opportunity to place an avatar...

AB: [10:25] Well, there will be many people who go fishing for loved ones caught in those dream worlds, and that will be service to the Earth dream time because you're choosing to be a healer, you're gonna insert yourself into that reality, knowing it's fake, and do whatever you can do to

get that person.

LW: [10:42] But we wont be stuck there like we feel like we are now.

AB: [10:46] No... You can go in and out as you will.

LW: [10:47] Incarnate through the archonic grids with, you know...

AB: [10:52] That's gone.

LW: [10:52] Okay, so that is being replaced?

AB: [10:57] Yes.

LW: [10:57] And that is all part of "the shift"?

AB: [11:00] Correct.

LW: [11:00] Or the ascension process.

AB: [11:02] Once you take the incarnation grid completely out, back into the control of Earth, the wheel is greased.

LW: [11:09] Right, and that's another question I want to ask you - originally how did the organic process of incarnation work, for the Earth, before it was corrupted?

AB: [11:18] It was a free-willed incarnation pattern that, everything was done through spiritual court of equity that the Earth oversaw. So you would have one soul family lineage and another soul family lineage, and another soul family lineage, with this soul family lineage had a dispute amongst itself, it would go to the Earth consciousness to read the akashic record and told to give judgement in neutrality for that single soul family. If two soul families came together, they contracted Earth to look at all of them, and to figure out the issue. That's how they did that.

LW: [11:53] So, Earth has been basically dominated and controlled.

AB: [11:59] ...Because our genetics were changed in such a way that we no longer had the proper thing for the user manual of the human body.

LW: [12:07] And is that when the 15 families...

AB: [12:11] Well, it began before the 15 beings, because there were ultimately even the other two big light and dark forces that were trying to go after Earth, before the beings came in, understood the importance, but the 15 beings were smarter than these other ones, and weaseled their way in and locked them (first two) out.

LW: [12:29] Wow. But it wasn't through our invitation to experience duality and hardship.

AB: [12:36] No.

LW: [12:37] It was basically a "well this looks like a good situation, lets see how we can outsmart them" and they did.

AB: [12:42] And they did.

LW: [12:43] And the 15 families are operating at what dimensional existence?

AB: [12:46] 6th, 7th, 8th, and 9th.

LW: [12:47] Okay, so that tells us a lot. And then the archons which were in control of the mind control/incarnational process?

AB: [12:56] They're the ones that oversee the courts now. Where Earth doesn't oversee the courts anymore.

LW: [13:00] Earth has been completely taken out?

AB: [13:02] Out of the court system.

LW: [13:02] Where is Earth residing?

AB: [13:04] Suppressed. That part of her will is suppressed, because our race doesn't know how to create spiritual courts of equity. Because it was taken away when our oral traditions were taken away.

LW: [13:16] And the indigenous tribes were murdered intentionally, and replaced with-

AB: [13:20] -All the pipe holders, too.

LW: [13:22] and the courts that we presently have

AB: [13:25] Their pipe was the presence of the court. So when they shared a pipe in court and in council, that pipe was psychometry (that) could be used to prove that there was a court then, court with Earth. And that would be why the pipe-holders were taken. And all the warriors all the peacemakers, all of them.

LW: [13:44] Yeah, and so what we have today, as of this moment, is multiple warring factions of the 15 families

AB: [13:54] Mm-hm, fighting themselves, internally, and fighting the other ones externally. And then trying to influence the other ones to fight internally and fight each other externally. They're in each others' game.

LW: [14:08] And do they know

AB: [14:10] They've known that it was coming, but they all have their secret projects.

LW: [14:15] Right, so that's all going to-

AB: [14:18] That's all going to happen at the same time. They all have to show their cards. It's a poker game right now.

LW: [14:25] Okay, and there's a moment at which, you've upped the ante... you've upped the ante... and then what do you have... you have no choice but to show your cards! Will we be involved in the understanding of the process?

AB: [14:39] Yes.

LW: [14:40] We will... and how will we see that manifest on the planet?

AB: [14:44] It's gonna be... once consciousness awakes and realizes graduation is inevitable and it happens, it'll happen fast for those who want it to happen fast, slow for those who want it to happen slow.

LW: [15:00] You step on the accelerator of your own consciousness.

AB: [15:02] Exactly, yeah.

LW: [15:03] And if you're going too fast, you simply step on the brakes

AB: [15:06] Or get on the offramp.

LW: [15:07] Right, to be diverted by... whatever... and it lowers your vibration

AB: [15:12] ...or the truck stop whatever...

LW: [15:15] We have somebody here that...

AB: [15:18] ...Driver...

LW: [15:20] For the oil industry... That will all have to go away too right?

AB: [15:24] Those people in those jobs- their jobs will be to travel the world- that's their new job

LW: [15:30] Ahh... and what will be done with the technology that's already existing? Will that be just simply scrapped?

AB: [15:39] The energy will be changed.

LW: [15:41] Yes - it will have been used for dark purposes, and it's been kept...

AB: [15:44] Energies will be un-manifested, cleansed, and then re-manifested into Earth's consciousness... because that's Earth consciousness energy that she's provided as background material.

LW: [15:55] And then she will be making an appearance, being manifest?

AB: [16:01] She will manifest herself to take over all physical transactions between people.

LW: [16:05] Oh wonderful! so there will be a true energy exchange, not a fake monetary system of control and domination.

AB: [16:13] There will be a true energy exchange system that will be in complete transparency because it's the Earth sentience that is the judge of it.

LW: [16:21] Yeah I've seen that, I've seen that happen, I mean I've seen that in my mind's eye- so I know, and that's why I get so frustrated with the system collapsing, because I can see the

potential for what's coming. It seems like its just around the corner... and then it never arrives, it's like a carrot and a stick, y'know its like okay, there's a whole banking system waiting to be rolled out... now somebody talked about that tonight .

AB: [16:46] I don't think there's going to be an intermediary banking system. I think personally, there's enough people that are awake, and there's enough people who are asleep who are starving... that they'll be far more receptive.

LW: [17:03] Yes. Yes! ...and that's all the result of the control and-

AB: [17:06] -and that will make the event travel faster because those people were starving, and have food and consciousness exploring devices and homes.

LW: [17:14] Right, and it could be an instant transmutation.

AB: [17:19] For those... well, weeks.

LW: [17:21] Right, weeks.

AB: [17:22] And then their culture has to survive the change, because there will be elderly who won't use the technology or just is not in a conscious state to even begin to try, and they'll need to be healed enough 'til they can use the devices.

LW: [17:34] Is it possible that many will depart through physical death and then...

AB: [17:38] Some will just "get it" and unmanifest the body. They won't... they're just done.

LW: [17:45] Will people literally disappear from view?

AB: [17:48] No... people will be present ... they'll take their last breath... they'll leave... and when they're ready they can send another part back.

LW: [18:00] Huh.

AB: [18:01] Not to the dead being, just another being that can project and exist there.

LW: [18:06] What part will walk-ins play?

AB: [18:09] Um... as people graduate, as soon as you graduate, there's somebody that takes your

place. There's gonna be such a big graduation here, and then a new incoming of spirit, the graduating class is going to create free-willed versions of itself that go back to earth to teach the new people coming in.

LW: [18:29] Free will versions.

AB: [18:30] Free will versions of themselves, in a total free will Earth environment. This is what the Pleiadians, the Sirians all, they're doing to us now, they're projecting energy to us so that we can finish this change, so that they can finish their changes too.

LW: [18:46] Because they're all held up right?

AB: [18:47] Held up.

LW: [18:48] And in fact, the Greys are held up. The whole ascension process is held up by this bottleneck that's been created by the 15 families and the resulting time wars, and the problems that those...

AB: [19:00] Think of it as Earth is pregnant right now, and this migration away is the finishing of the pregnancy.

LW: [19:07] So it really is giving birth.

AB: [19:09] Yes.

LW: [19:10] Will there be a physical Earth as we know it?

AB: [19:13] Yes.

LW: [19:14] But it will be transformed, yes?

AB: [19:17] "The event" is essentially the afterbirth and the placenta

LW: [19:21] Whoa! that can be messy (Andrew laughs) But no worse than what we have now!

AB: [19:27] At least we're not getting a c-section.

LW: [19:29] oogh.. yeah... and there won't be any drugs involved.

AB: [19:35] Some people might want 'em (both laugh)

LW: [19:37] Well you know there's mushrooms and other things that people like to do. Okay, so the 65% are ready, and then there will be a percentage that will be in dream-time, but they will be searching for their... they will be... we will be able to assist them in a sense like an ascended master... I don't like to use that term...

AB: [19:59] There will be ascended masters here, in the air cities, in the dream worlds. In the physical world that your avatar's still residing in as your manifested reality, which will be based on the local realities of the first people who realize they're awake, and then the local realities will shift as people go and live with their soul family. So the Earth literally is going to change as people begin to filter to the right places.

LW: [20:25] Right, so all this will be happening simultaneously.

AB: [20:29] Well there has to be the graduation party, cap and gown ceremony, graduation party, you meet your soul family, and synchronicities happen everywhere and everybody finishes it and... poof! you're in the air.

LW: [20:40] And how long will the graduating party last?

AB: [20:43] As long as you want it.

LW: [20:44] Oh wonderful! So, there could be many years of people recognizing each other as soul family, and now there's a slight little problem in that the 15 families that created this big mess are also part of our soul family

AB: [21:03] Good question. That's right. The rotten part.

LW: [21:05] Right, so what do we have to learn how to recognize, what do we do with the parts of our soul family that need to be exorcised or removed?

AB: [21:13] We aren't the ones that are going to be doing the mass removal.

LW: [21:17] Oh, thank you.

AB: [21:19] We're not at the state that our consciousness is unified enough to truly understand the depth... the breadth, of what they've done.

LW: [21:28] Right, I mean we've just barely touched upon it, and then we were...

AB: [21:32] Without help, we would have never even have known we were a race with amnesia.

LW: [21:35] Right, um so then there'll be a percentage of new souls that have come in, that will just continue in a higher dimensional reality.

AB: [21:48] Well it'll still be fourth, and the effects of third will still be there, but the people that come in will change and alter the Earth in such a way that it becomes more multi-dimensional, so that Earth can return to its 7th dimensional galactic seed planet status.

LW: [22:05] And so the graduation includes moving to the 7th-dimension, basically

AB: [22:10] No, up one.

LW: [22:11] Up one?

AB: [22:11] It has to go up one at a time, because the new consciousness comes in, and then that remaining consciousness that didn't graduate the first time graduates, a whole new one comes in, the monkey cage gets cleaned out.

LW: [22:22] Oh, so where did the 65% end up? Is that what we're talking about?

AB: [22:27] When we graduate, the 65%, you returned home to your original soul planet.

LW: [22:33] Okay, and that will be different for each and every one.

AB: [22:35] Each and every one of us.

LW: [22:36] But we could have multiple...

AB: [22:40] You can have multiple, and many of you will and you'll make a choice- how many parts do you wanna make, and where does your avatar wanna go?

LW: [22:48] And that could be any dimension, right?

AB: [22:51] Well, planet. You still gotta finish your galactic version. You're the micro that has just become the macro. Now you must go learn the macro world.

LW: [23:00] So, when we're talking about moving to, ascending to 5th dimensional vibration, the graduating class might quickly shift through 4th...

AB: [23:10] And go right to 6th, go to 5th and a quarter....

LW: [23:12] Okay, but it will be wherever we feel most comfortable, and where our vibration matches, a vibrational fit. But it will be a win-win situation, because we will all have graduated, wherever we end up and we'll also be able to communicate with each other.

AB: [23:30] Yes, never lose communication with

LW: [23:31] And never have to go through that horrible feeling of fragmentation and isolation and all that other stuff that's been going on for millions of years.

AB: [23:40] Yeah.

LW: [23:44] Good. Now, this attack that we, I witnessed, and I've never seen, I've read about so many different forms of psychic and demonic attacks over the years, but this was really a living demonstration, so we're to expect this to be occurring because the 15 families are ramping up...

AB: [24:10] They're paying overtime to their franchises, to operate under data mining for physical understanding of the people, so they can pass off the dossier of the people to the influencer groups.

LW: [24:27] And there are whole layers of control

AB: [24:30] And they target you based off of your soul family, so they are preventing you from meeting soul family. On the other end there are those that are just to create drama so groups fall apart, which was what happened here, it was a drama entity.

LW: [24:44] Yes, so one thing that we need to watch out for is anything that creates drama, you can almost instantly know that is some form of the...

AB: [24:53] The harder-core drama, I mean there's light-core drama that's not an attack.

LW: [24:57] Right, there's life and death drama. You know, there's somebody up here whose husband is in jail who's a super soldier. And that story has been circulated in the radio shows, but there are millions of those out there, and then there are millions of targeted individuals.

AB: [25:18] Exactly, and they're targeted for many reasons.

LW: [25:22] And then we're all living under the blanket.

AB: [25:26] Under "the eye".

LW: [25:27] Under "the eye", almost like the Tolkien's "The Ring" trilogy.

AB: [25:32] That's right.

LW: [25:33] Yeah, very similar to that, isn't it, and in fact he...

AB: [25:36] Very metaphorical.

LW: [25:37] Yeah! He studied this whole situation and yeah, exactly, so it is like "the eye".

[25:43] Well, okay that seems like a good place for us to take a short break, end part eight, and then we'll pick it up when we get back and continue,

AB: [25:52] Part nine.

LW: [25:53] In part nine. All right, thank you Andrew.
